

Mahar Technology Solution (UM NAJEEB TRADING) for Growing Businesses

We are your strategic technology partner — delivering tailored IT support so you can focus on what you do best. From managed services and data recovery to onsite repairs and cloud solutions, Mahar Technology Solution (UM NAJEEB TRADING) keeps your business running smoothly, securely, and efficiently.

Our team combines responsive support with practical technical expertise to help businesses reduce downtime, improve reliability, and stay ahead of day-to-day IT challenges. Whether you need help maintaining critical systems, resolving urgent issues, or building a more resilient technology environment, we provide solutions designed around your business goals.

What sets us apart is our commitment to long-term client success. We take time to understand your operations, recommend the right tools, and deliver dependable service that scales with your needs. With a focus on clear communication, proactive maintenance, and consistent follow-through, we help organizations work smarter, protect their data, and make technology an advantage rather than a disruption.

From fast troubleshooting and secure backups to dependable support for offices, teams, and hybrid work environments, Mahar Technology Solution (UM NAJEEB TRADING) offers a practical blend of expertise, flexibility, and care. We're here to be the trusted partner you can rely on for both everyday IT needs and the critical moments that matter most.

- **Certified Expert Technicians**
Skilled, trained, and always up to date
- **Affordable, Transparent Pricing**
Quality service without hidden costs

Our Core Service Offerings

We provide a comprehensive suite of IT services designed to keep your business secure, connected, and productive — whether you need ongoing managed support, emergency repairs, or strategic technology planning.

Managed IT Services

Proactive monitoring, maintenance, and support tailored for professionals who need reliable, always-on access to their data and specialized tools.

Professional Data Recovery

When data loss strikes, our experts recover your most precious asset — quickly, securely, and with the highest success rates in the industry.

IT Support Helpdesk

SLA-guaranteed assistance available around the clock. Our service desk resolves issues fast so your team never stays stuck for long.

Hardware, Network & Infrastructure

Computer Repairs

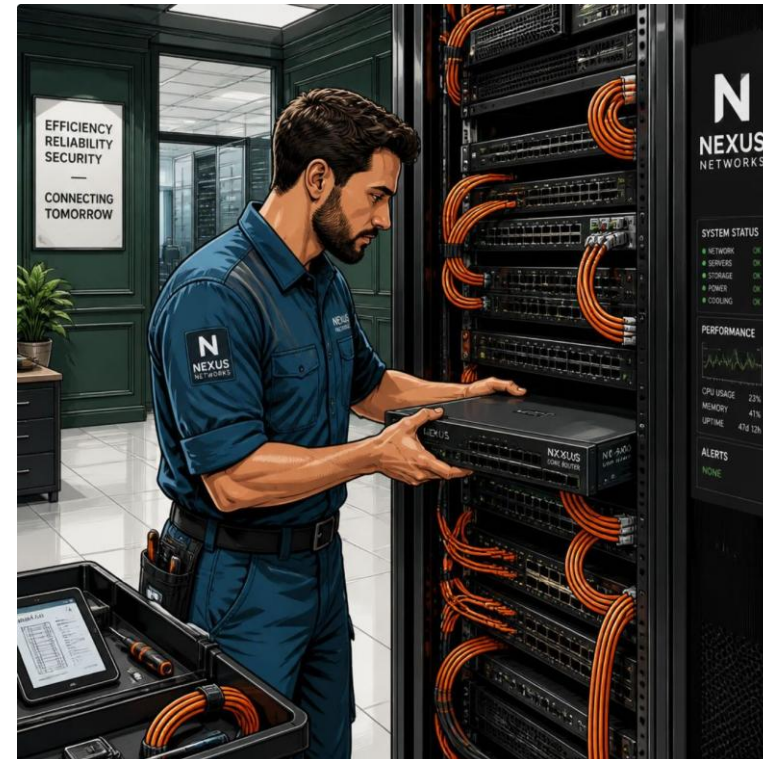

PC, laptop, and Mac repairs handled by experienced technicians who diagnose accurately, fix efficiently, and test thoroughly before returning your device.

Network Infrastructure

From routers and access points to antennas and wireless setups, we design and deploy networks that deliver reliable connectivity across your entire workspace.

Printer Setup & Repair

We connect, configure, and maintain your printers — including wireless setup and driver installation — so your office runs without interruption.

Cloud, Backup & Business Solutions

Protect your data, empower your team, and modernize your operations with our cloud and business IT services.

Backup Solutions

Cloud-based business backup designed around your needs — from provider selection and plan design to ongoing management and data restoration.

Business IT Support

Custom IT solutions built around your unique business needs to increase productivity, optimize operations, and support long-term growth.

Microsoft Office 365

Managed Office 365 services via the Microsoft Cloud Platform — including workload management, data backup, and global support for your team.

Our Values — What Sets Us Apart

Team of Professionals

Highly skilled technicians who continuously update their knowledge to deliver the best possible service with fast response times.

No Fix, No Fee

Transparent and trust-building. You're never charged for time spent on a project that doesn't deliver results.

Onsite IT Support

Personal onsite visits for faster, more accurate service. We get to know your business firsthand.

Latest Technologies

Always current on the newest tools and platforms — from network security to system administration and beyond.

Excellent Client Service

Top-notch support available 24/7 — answering questions promptly and addressing concerns professionally.

Fixed Price Policy

No hourly surprises. Fixed fees mean both parties focus on efficiency and results, not the clock.

Advanced Features & Capabilities

Our technology stack covers every layer of your business infrastructure — from the servers and networks that power your operations to the security tools that protect them. We design and support solutions that work together seamlessly, helping businesses improve reliability, streamline workflows, strengthen security, and scale with confidence as needs evolve.

Servers & Cloud

Scalable server and cloud environments built for performance, uptime, and flexibility. This gives businesses the computing power they need while making it easier to expand, manage workloads, and support remote access.

Network Infrastructure

Reliable networking that keeps teams, devices, and systems connected across your organization. Strong network foundations improve speed, reduce downtime, and help ensure smooth communication between every part of the business.

Enterprise IT Solutions

End-to-end IT support designed to keep daily operations running efficiently. These solutions help businesses centralize technology, simplify management, and create a more productive environment for employees and leadership alike.

HR & Attendance Solutions

Tools for managing employee records, attendance, and workforce activity in one organized system. This improves accuracy, reduces manual administration, and helps businesses track staffing more effectively.

Firewall & Antivirus

Layered protection that helps defend systems against malware, unauthorized access, and other security threats. By safeguarding critical data and infrastructure, businesses can operate with greater peace of mind and lower risk.

Customized Applications

Tailored applications built around specific business processes, goals, and workflows. Custom software helps eliminate unnecessary work, improve efficiency, and create better-fit tools for unique operational needs.

Manpower Supply

IT staffing solutions for building agile, high-performing technology teams.

Professional recruitment and deployment support connecting organizations with qualified IT talent across technical, operational, and leadership roles.

IT specialists and technicians

Day-to-day system support and infrastructure maintenance.

Software developers

Build and maintain applications and business tools.

Network engineers

Design and manage reliable enterprise connectivity.

Cybersecurity experts

Monitor threats and strengthen system protection.

Project managers

Coordinate initiatives and keep delivery on track.

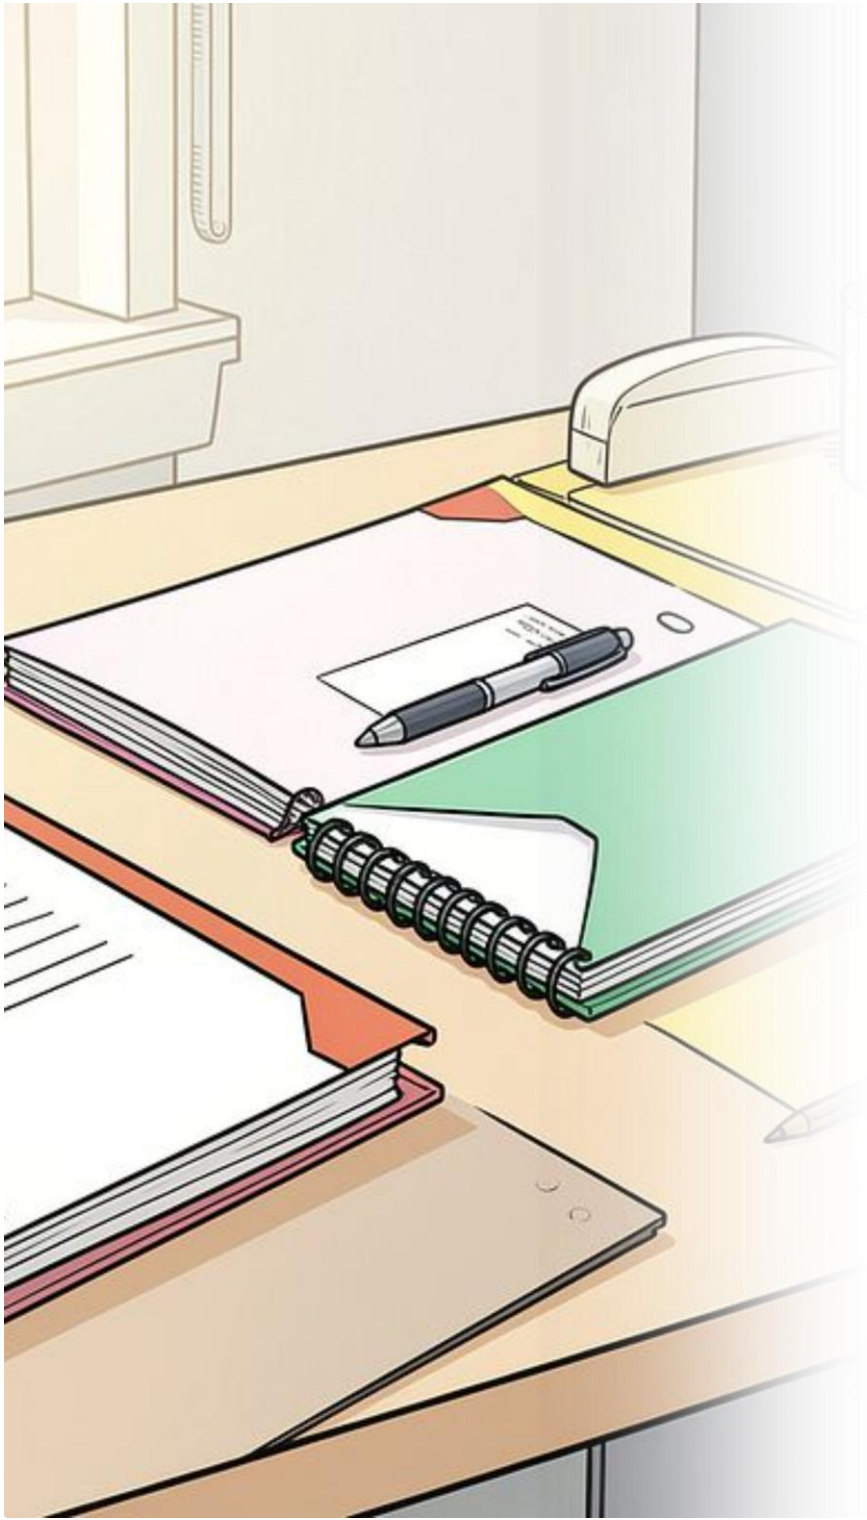

Flexible engagement models

Contract, contract-to-hire, and on-demand support.

Quality assurance

Ensures strong fit with team and business needs.

Office Stationary

Ensure your workplace is always well-equipped with our comprehensive range of high-quality office stationary services, designed to meet the demands of any modern business environment.

Quality Supplies

We provide only the highest quality office supplies, ensuring durability and reliability for everyday operations, enhancing productivity across your team.

Bulk Ordering Options

Benefit from significant cost savings and streamlined procurement with our flexible bulk purchasing programs, tailored for businesses of all sizes.

Competitive Pricing

Access top-tier stationary products at highly competitive prices, providing excellent value without compromising on quality or service standards.

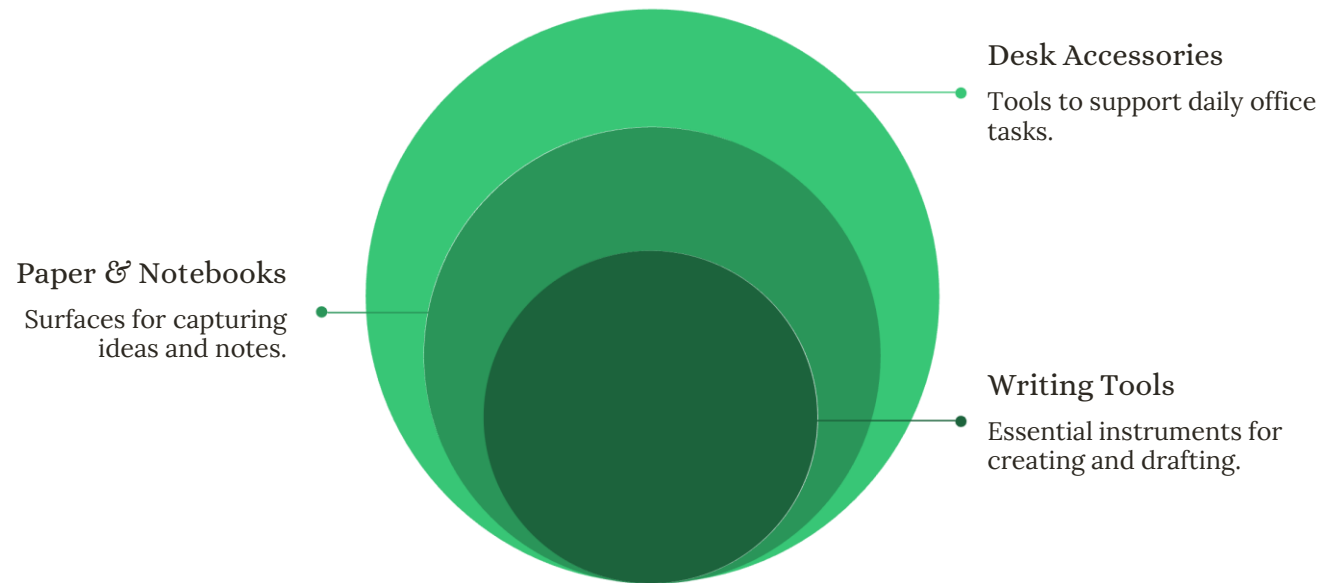

Timely Delivery

Our efficient logistics ensure your orders are delivered promptly and accurately, keeping your operations running smoothly and preventing any workflow interruptions.

Extensive Product Variety

From basic pens and paper to specialized office equipment and ergonomic accessories, our vast catalog covers every possible stationary need for a dynamic office.

Our Product Range Includes:

Our Trusted Brand Partners

We proudly supply high-quality office stationery from leading brands across the GCC, ensuring your business has access to the best products available.
